A RESOURCE FOR MAKING A DIFFERENCE IN OUR COMMUNITY

Cumberland Community  
Foundation, Inc.

2021/2022

## A LETTER FROM CUMBERLAND COMMUNITY FOUNDATION

Since 1980, Cumberland Community Foundation has helped generous people make a difference in our community. Time and again, we see what passionate donors and volunteers are able to accomplish through our local nonprofit organizations: Our community enjoys an award-winning theater, botanical garden, symphony, military museum, and library system. Young people reach their potential thanks to college scholarships. The hungry are fed. Our history is preserved and shared. Abandoned pets are rescued by loving owners. Homeless individuals are provided shelter. Abused children are able to heal their wounds and receive therapy. More trees are planted and rivers are protected. The list goes on.

Cumberland Community Foundation has distributed more than \$67 million in grants and scholarships in this community since 1980. We are firm believers that every dollar can make a difference right here in our community. Whether giving to an existing endowment or creating your own legacy, the community foundation makes it possible for donors to support their chosen causes in perpetuity.

We created this Guide to Giving to expand awareness of the vital nonprofit sector that we have here in Cumberland County, North Carolina. We encourage you to utilize this resource throughout the coming year. We also invite you to turn to pages 24 and 25 to learn more about creating your own charitable legacy through an endowment that you design for the charitable organizations and causes of your choice.

Cumberland Community Foundation is here to help donors, whether you are writing a single check, selling your business and managing your taxes, contributing from your IRA (for donors over 70.5), donating stock or real estate or other appreciated assets, or planning your estate.

Thank you for supporting these local organizations that are doing very important work. You will make a lasting difference with your time, talent, and treasure.

## HOW WERE THE ORGANIZATIONS IN THE GUIDE TO GIVING SELECTED?

While the 69 organizations listed in this guide offer a strong representation of the nonprofit community in Cumberland County, we recognize that this list is not comprehensive. The organizations included met all of the following criteria: They have received a grant from a fund of Cumberland Community Foundation at some point in the past 40 years, they responded to a survey sent in July 2021 asking if they would like to participate, they are a 501(c)(3) public charity, and they serve Cumberland County, North Carolina. We encourage you to do your own research before donating and/or volunteering with an organization. Be sure to check out our *Tips for Informed Giving* on Page 2 for more guidance.

# TIPS FOR INFORMED GIVING

## *GIVE FROM THE HEART, GIVE RESPONSIBLY*

Charitable giving is one of the most meaningful things a person can do. Regardless of gift size, a bit of planning ahead of time is a great idea. Follow the tips below to make sure you are giving with confidence to charities you trust.

**DEFINE YOUR MISSION.** Consider the issues about which you are passionate. What would you like to change about our community? How would you like to make a difference? Once you have defined your charitable vision, find a nonprofit with a mission and programming that align with your core values and goals.

**ENSURE THE ORGANIZATION'S LEGITIMACY.** Verify the organization is a reputable charity by using a third-party site that is focused on vetting nonprofits. Among many things, you will want to confirm that the organization is tax-exempt and complies with the IRS requirement that a 501(c)(3) public charity must make three years of filed Forms 990 readily available to the public.

**LEARN HOW YOUR GIFT WILL BE USED.** Try to gain insight into the organization's financial health and budget breakdown by reviewing their Form 990. This provides an in-depth view of an organization's financial stability, leadership, and where its money goes. A responsibly run organization will be transparent and forthcoming with the public.

**ASSESS THE IMPACT OF THE ORGANIZATION.** What measurable effect is the organization having in the community? Explore the nonprofit's own website, social media presence, and publications such as their Annual Report. Search the organization's name online. What news articles or other information can you find about the work the organization is doing. Most credible charities are happy to celebrate the impact they are having, so it should not be difficult to learn more about their work.

**DON'T FORGET: YOU CAN GIVE MORE THAN MONEY.** Nonprofits are often looking for willing volunteers who can help with day-to-day operations or special projects. Volunteering is a win-win in that it helps organizations save money on having to hire help, while allowing you to make a difference and give back to your community through your time and talent.

**HAVE FUN!** Studies show that giving and volunteering increase lifespan, happiness, and quality of life. People give for a variety of reasons. Whatever your reason for giving, enjoy yourself and give generously!

Volunteering in our community means that you often see the impact of your work - you know what you've done has tangibly touched someone's life, and that makes it even sweeter. How special it is to make a difference in a place that has given so much to me."

- JENNIFER MCFADYEN HAMMOND

Thus the little moments, humble as can be, make the mighty time of eternity. My little time of volunteering is valuable for my community.”

# ESTABLISH YOUR CHARITABLE LEGACY WITH CUMBERLAND COMMUNITY FOUNDATION

Whether your interest lies in sustaining the arts, furthering education, providing for those in need, or any other number of worthy missions – Cumberland Community Foundation (CCF) is here to help you. Since 1980, CCF has paid over \$67 million in grants and scholarships from endowment funds created by people just like you.

## Partnering with CCF is as easy as 1, 2, 3!

### Step One: Create or Add to a Charitable Fund at CCF.

Cumberland Community Foundation offers a variety of giving options which enable you to support your favorite causes. Decide if you want to design and name your own endowment or give to an existing fund.

**Step Two: Choose How You Would Like to Give.** You can donate a variety of assets to any of CCF’s existing charitable funds or to a new fund that you create and grow. Give now or give later through your estate. The timing of your gift is up to you!

**Step Three: Enjoy Your Charitable Legacy!** Charitable giving is one of life’s most rewarding endeavors. CCF can help you create your own legacy with a fund that makes an impact both now and in the future. Your generosity will make a difference and build a stronger community.

*Use the checklist on the next page to start designing your legacy now.*

## WHAT IS AN ENDOWMENT?

An endowment is a charitable fund that provides ongoing support to an organization or cause – in perpetuity! The fund is invested and continues to grow through sound stewardship on the part of CCF. Each year, a grant is made to a charitable purpose of the donor’s choice from the income of the fund. By protecting the principal of the fund, it continues to grow and create income for the chosen organization or cause, making a positive impact – forever.

## THE POWER OF ENDOWMENT

*When you establish a charitable endowment with Cumberland Community Foundation, you choose to provide community support that lasts forever.*

In 1998, a donor created the Cape Fear Botanical Garden Children’s Fund with a gift of \$40,000. The donor and her family continued to give to the fund for several years.

CCF invests all gifts to the fund for long term growth and distributes grants from the income annually.

The garden receives a check every year from this endowment to support programs that help children learn about nature and plants.

Today the endowment has grown to \$224,355.40 and so far has granted a total of \$90,000 to the garden.
